Assignment - In progress

Add attachment(s), then choose the appropriate button at the bottom.

Title	Homework #2
Due	Feb 6, 2014 9:00 am
Number of resubmissions allowed	1
Accept Resubmission Until	Feb 6, 2014 9:00 am
Status	In progress
Grade Scale	Letter grade

Instructions

*** LET ME EMPHASIZE, AGAIN, THAT IT IS NOT ACCEPTABLE TO CONSULT WITH STUDENTS WHO HAVE TAKEN THE COURSE PREVIOUSLY, AND IT IS NOT ACCEPTABLE TO LOOK AT SOLUTIONS FROM PREVIOUS SEMESTERS. VIOLATIONS WILL BE HARSHLY ADDRESSED. ***

Do all problems at the end of Chapter 2. Start EARLY --- there is a learning curve to climb with regard to the use of AMPL.

VERY IMPORTANT : Please include the following line in your LaTeX preamble:

```
\usepackage{hyperref}
```

And then, substituting your unignames (twice each) and your actual names (once each), use the following command to identify the authors:

```
\href{mailto:yourunigname@umich.edu,yourfriendunigname@umich.edu,anotherunigname@umich.edu}  
{Your Actual Name (yourunigname@umich.edu), Your Friend's Actual Name  
(yourfriendsunigname@umich.edu), Another Actual Name (anotherunigname@umich.edu)}
```

See the LaTeX template file that I put on CTools for how this is done.

Please do NOT use any email that is not @umich.edu

Be sure to turn in your LaTeX source as well as compiled .pdf

Each team of 1-3 students (ALL taking the course for credit) should make one submission. Be sure to identify all teammates (name plus UM unique name) on the submission as indicated above.

Please refer to the syllabus regarding how late homework will be (harshly) treated.
